## Practical and private

The Lily makes everyday life truly functional. It's clean design has the intrinsic ability to fuse practical living spaces with an alluring couples retreat and all round casual ambience.

The Lily's floor plan encompasses three bedrooms, each with built in robes, a large wrap-around kitchen featuring a breakfast bar which leads to your open plan dining and lounge area. Step out of the lounge and straight onto your full length verandah which is perfect for entertaining. Generous windows ensure the Lily is bathed in light. The design can easily be customized to your individual requirements, such as the addition of a fourth bedroom, study or a master ensuite.
