

# PAYMENT SCHEDULE

Here's a timeline of what to expect when it comes to the financial milestones of your new home build. At Classic Kit Homes, we take great care to make the whole process transparent and smooth for home owner/builders. That's why we give fixed-price quotes – to help you plan accurately and give you true peace of mind.

*FINE PRINT: Payments need to be received and cleared 10 working days prior to expected delivery of your consignment. This gives us time to ensure suppliers have the materials in stock, can securely pack them and schedule delivery at the right time to synchronise with your stage of construction.*
